**ATTORNEY GENERAL'S SUMMARY OF RESULTS OF CHARITABLE
SOLICITATION BY COMMERCIAL FUNDRAISERS**

The term "commercial fundraiser" refers generally to a person or corporation that is a for-profit business who contracts with charities, for compensation, to raise money in the charity's name. The commercial fundraiser usually makes a profit by charging the charity a flat fee or a percentage of the contributions collected in the charity's name.

Historically, only about one-third of the total dollars collected by commercial fundraisers in California actually went to charities, according to reports filed with the Attorney General. This Summary shows the results of solicitation by commercial fundraisers in 1998 as shown in those reports. However, it is important to note that most of the 80,000 charities registered with the Attorney General in California do **not** use commercial fundraisers to raise funds.

The Attorney General publishes a Guide to Charitable Solicitation. For a copy of the Guide please write to the Attorney General's Public Inquiry Unit at P.O. Box 944255, Sacramento, California 94244. You may also obtain a Guide via the Attorney General's internet web site:

www.caag.state.ca.us/charities

There is a wealth of information about charities and fundraising on the web site. On the web site, you will be able to search for the financial reports filed by charities. In the near future, you will also be able to search for financial reports filed by commercial fundraisers.

CHARITABLE SOLICITATION BY COMMERCIAL FUNDRAISERS - 1998

\$196 MILLION COLLECTED BY COMMERCIAL FUNDRAISERS

In 1998, commercial fundraisers soliciting the public on behalf of charitable organizations collected a total of just over \$196 million in charitable contributions within this state. Only \$85.8 million (43.7%) of that total was actually received by the charitable organizations on whose behalf the solicitations were made.

Simply put, less than one-half of every dollar donated by Californians to charities which used these commercial fundraisers did not go to charity at all. Most of the money went instead to solicitation expenses and to fundraiser profits.

The chart below shows the total number of commercial fundraising campaigns that yielded more than 50% to charity (157); between 31% and 50% to charity (82); between 21% and 30% to charity (100); between 16% and 20% to charity (56) and 15% or less to charity (149).
