INITIATIVE COORDINATOR  
ATTORNEY GENERAL'S OFFICE

**SUBJECT: California Constitutional Amendment**

Dear Attorney General Lockyer:

This letter is to replace/update my November 3, 2003 letter. Enclosed is a check made out to the State of California to replace the one you think is defective.

You already have the referral for a California Constitutional Amendment. I understand "If signed by the required number of electors and filed with the Secretary of State by a date to be specified" this petition will qualify as a ballot initiative in the November 2004 election.

You also already have the Title and Summary from the last attempt to qualify the exact same amendment, along with the budget analysis performed by the Joint Legislative Budget Committee for that previous attempt. As there should be no changes to analysis, we sincerely hope that this process can be expedited. Thank you.

As a registered California voter, I hereby request title and summary in order to prepare petitions for circulation to collect signatures. The proponent of this Initiative is: Donald Kilmer

Business Address:  
1261 Lincoln Avenue, Suite 111  
San Jose, CA 95125-3030

Registered to vote at:

I, Donald Kilmer, acknowledge that it is a misdemeanor under state law (Section 18650 of the Elections Code) to knowingly or willfully allow the signatures on an initiative petition to be used for any purpose other than qualification of the proposed measure for the ballot. I certify that I will not knowingly or willfully allow the signatures for this initiative to be used for any purpose other than qualification of the measure for the ballot.

Date: November 25, 2003

Donald Kilmer

**Amendment to California Constitution**

**The Self-defense Initiative**

The inalienable right to defend life and liberty as set forth in Article I, Section 1 of the California Constitution includes the fundamental right of each person to keep and bear arms for the defense of self, family and home. This right shall not be infringed.

- A. All State government action regulating the right of law-abiding persons to acquire and possess arms for the defense of self, family and home, shall be subject to strict scrutiny, in the same respect as the freedoms of speech and of the press. All county, city and local government action on this subject is preempted by state law and this Amendment.
  
- B. This Amendment does not limit the State from regulating the acquisition and possession of arms by: felons, minors, the mentally incompetent, and any person subject to restraining orders based upon their own violent conduct.
