Section 3. Interim Measures

(a) The operation and effect of any statute, or portion thereof, enacted between November 1, 2003 and the effective date of this Act, that would have required voter approval pursuant to Section 1 if enacted on or after the effective date of this Act (the "Interim Statute"), shall be suspended on that date and shall have no further force and effect until the date the Interim Statute is approved by the voters at the first statewide election following the effective date of this Act in the manner specified in Section 1. If the Interim Statute is not approved by the voters, it shall have no further force and effect.

(b) If the Interim Statute is approved by the voters, it shall nonetheless have no further force and effect during the period of suspension; provided, however, that the statute shall have force and effect during the period of suspension if the Interim Statute or separate act of the Legislature appropriates funds to affected local governments in an amount which is not less than the revenues affected by the Interim Statute.

(c) A statute or other measure that is enacted by the Legislature and approved by the voters between November 1, 2003 and the effective date of this Act is not an Interim Statute within the meaning of this section.

SECTION FOUR. Article XIII B Section Six (6) is hereby amended as follows:

SEC. 6. (a) Whenever the Legislature or any state agency mandates a new program or higher level of service on any local government, the State shall annually provide a subvention of funds to reimburse such local government for the costs of such program or increased level of service, except that the Legislature may, but need not, provide such subvention of funds for the following mandates:

- (a) (1) Legislative mandates requested by the local agency affected;
- (b) (2) Legislation defining a new crime or changing an existing definition of a crime; or
- (c) (3) Legislative mandates enacted prior to January 1, 1975, or executive orders or regulations initially implementing legislation enacted prior to January 1, 1975.

(b) The annual subvention of funds required by this section shall be transmitted to the local government within 180 days of the effective date of the statute or regulation or order by a State officer or agency that mandates a new program or higher level of service, or within 180 days of a final adjudication that a subvention of funds is required pursuant to this section. For purposes of this section, the Legislature or any State agency or officer mandates a new program or higher level of service when it creates a new program, requires services not previously required to be provided, increases the frequency or duration of required services, increases the number of persons eligible for services, or transfers to local government complete or partial financial responsibility for a program for which the State previously had complete or partial financial responsibility.

(c) If during the fiscal year in which a claim for reimbursement is filed for a subvention of funds, the Legislature does not appropriate a subvention of funds that provides full reimbursement as required by subdivision (a), or does not appropriate a subvention of funds that provides full reimbursement as part of the state budget act in the fiscal year immediately following the filing of that claim for reimbursement, then a local government may elect one of the following options:

(1) Continue to perform the mandate. The local government shall receive reimbursement for its costs to perform the mandate through a subsequent appropriation and subvention of funds; or

(2) Suspend performance of the mandate during all or a portion of the fiscal year in which the election permitted by this subdivision is made. The local government may continue to suspend performance of the mandate during all or a portion of subsequent fiscal years until the fiscal year in which the Legislature appropriates the subvention of funds to provide full reimbursement as required by subdivision (a). A local government shall receive reimbursement for its costs for that portion of the fiscal year during which it performed the mandate through a subsequent appropriation and subvention of funds.

The terms of this subdivision do not apply to, and a local government may not make the election provided for in this subdivision, for a mandate that either requires a local government to provide or modify any form of protection, right, benefit or employment status for any local government employee or retiree, or provides or modifies any procedural or substantive right for any local government employee or employee organization, arising from, affecting, or directly relating to future, current, or past local government employment.

(d) For purposes of this section, "mandate" means a statute, or action or order of any state agency, which has been determined by the Legislature, any court, or the Commission on State Mandates or its designated successor, to require reimbursement pursuant to this section.

SECTION FIVE. Construction.

(a) This measure shall be liberally construed to effectuate its purposes, which include providing adequate funds to Local Government for local services including, but not limited to, such services as police, fire, emergency and trauma care, public health, libraries, criminal justice, and road and street maintenance.

(b) This measure shall not be construed either to alter the apportionment of the ad valorem tax on real property pursuant to Section 1 of Article XIII A by any statute in effect prior to January 1, 2003 or to prevent the Legislature from altering that apportionment in compliance with the terms of this measure.

(c) Except as provided in Section 3 of Article XIII E added by Section Three of this Act, the provisions of Section 1 of Article XIII E added by Section Three of this Act apply to all statutes adopted on or after the effective date of this Act.

SECTION SIX. If any part of this measure or its application to any person or circumstance is held invalid by a court of competent jurisdiction, the invalidity shall not affect other provisions or applications that reasonably can be given effect without the invalid provision or application.
