21	The People of the State of California, by and through Bill Lockyer, Attorney				
22	General of the State of California, allege on information and belief:				
23	INTRODUCTION				
	1. In November 1998, the People of the State of California through the				
24	Attorney General ("the People") and the major U.S. tobacco companies, including defendant R.J.				
25	Reynolds Tobacco Company ("Reynolds"), stipulated to the entry of a Consent Decree and Final				
26	Judgment ("Consent Decree") and signed the Master Settlement Agreement ("MSA") settling the				
27	State's landmark litigation against the tobacco companies, <u>People of the State of California</u> , et al.				
28					
	1				

2. The MSA was approved by the San Diego Superior Court, the Honorable Ronald S. Prager presiding, as part of the Consent Decree entered by the Court on December 9, 1998. The MSA's stated goals include reducing Youth½ smoking and promoting public health. Important provisions of the MSA, intended to further the MSA's goals, are the prohibition (with limited exceptions) against outdoor signs advertising Tobacco Products (MSA, § III(d)) and the limitations on tobacco Brand Name Sponsorships (MSA, § III(c)).

- 3. Beginning on a date unknown to the People, and probably since the MSA was executed in November 1998, defendant Reynolds has failed to comply with the MSA's provisions severely restricting outdoor advertisements for cigarettes. At numerous race tracks throughout the Settling States, including California, Reynolds has placed and/or failed to remove multiple, large outdoor signs advertising Winston cigarette sponsorships year-round. These signs, which associate Reynolds' addictive and harmful Winston cigarettes with popular sports competitions, are repeatedly viewed by millions of people both at the tracks and on television broadcasts of events at the tracks. The People bring this action to stop Reynolds from engaging in prohibited outdoor advertising for its deadly products and to ensure that Reynolds complies with the MSA.
- 4. Sears Point Raceway in Sonoma, California ("Sears Point Raceway") is a year-round motorsports complex with events scheduled 340 days and 50 weekends a year. The track hosts nationally televised events, including the National Association for Stock Car Auto Racing, Inc. ("NASCAR") Winston Cup, National Hot Road Association ("NHRA") drag racing, the American Le Mans Series, and the American Motorcycle Association ("AMA") Superbike Tour. Reynolds' year-round "NASCAR Winston Cup Series" and "NHRA Winston Drag Racing" advertising is visible to the families and other persons who are among the more than

750,000 fans who visit Sears Point Raceway annually. This advertising is also visible to the millions of people viewing television coverage of events at the track.

- Since 1989, Sears Point Raceway has featured "Wednesday Night Drags" to provide young people and others the opportunity to race on the track, not the street. An average of three hundred (300) vehicles participate each week. In 2001, the 32 weeks of drag racing runs from March 3 through November 17. One racing category is "High School Students." The top two racers in the High School division qualify to race in the "Top the Cops" program in which high school students, in a variety of suped-up cars, line up alongside police officers in patrol cars to race down a drag strip.
- For more than five years, Sears Point Raceway has conducted a High School Safe Driver program. Four hundred (400) students from eight San Francisco Bay Area high schools are invited to Sears Point Raceway for the four-day program.
- 7. Sears Point Raceway encourages children to attend its events by offering free admission or discounted ticket prices for children. For example, during the 2001 season, events which children 12 and under may attend for free include the Wednesday Night Drags, AMA Superbike Challenge, NHRA Festival of Fire, AMA Vintage Motorcycle Days West, Chrysler-Jeep Wine Country Classic Vintage Car Races, and American Le Mans Series. Tickets for children 12 and under are significantly discounted for the Dodge/Save Mart 350 NASCAR Winston Cup and NHRA Fram Autolite Nationals.
- 8. Pomona Raceway in Los Angeles County, California ("Pomona Raceway") is part of the Los Angeles County Fair and Exposition Complex ("Fairplex"), which hosts more than three hundred (300) events each year, bringing in nearly 3 million visitors. In addition to auto racing, the Fairplax is the site of numerous other family events such as the Los Angeles County Fair, the Family Expo, Easter Sunday Services, America's Family Pet Expo, and the Police and Family Security Expo. Pomona Raceway seats 40,000 people and is home to nationally televised events.
 - 9. Pomona Raceway hosts NHRA Junior Drag Racing events in which all race

	Complaint - Outdoor Ads Case No.					

- 29. Reynolds or its agents, employees, representatives, affiliates, or whollyowned subsidiaries, placed or caused to be placed the Winston sponsorship Outdoor Advertising which is at Sears Point Raceway and Pomona Raceway.
- 30. Reynolds is the owner, directly or indirectly through it agents, employees, representatives, wholly-owned subsidiaries, or affiliates (including, without limitation, GMB, Inc.), of one or more federally registered trademarks of the word "Winston" in connection with cigarettes.
- 31. Reynolds has used one or more of its Winston trademarks in commerce in connection with the sale or marketing of cigarettes since at least 1952.
- 32. Reynolds is also the senior user and common law owner of the distinctive red and white Winston trade dress for Winston brand cigarettes (the "Winston Trade Dress").
- 33. Reynolds is the owner of the federally registered trademarks "Winston Cup" and "Winston Racing Series."
- 34. In Outdoor Advertising for its Brand Name Sponsorships, Reynolds typically causes the Winston trademark to appear in the same color scheme and with the same lettering that it uses in the Winston Trade Dress to promote Winston Brand cigarettes. Reynolds' intent in doing so is to enhance recognition for its Winston brand cigarettes.
- 35. Reynolds owns the right to control the use and appearance in commerce of all of its trademarks and of the Winston Trade Dress.
- 36. Reynolds owns the right to control specifically where and when its trademarks and the Winston Trade Dress may appear in advertisements.
- 37. One or more of Reynolds' Winston trademarks and the Winston Trade Dress appear on the Outdoor Advertising which is at Sears Point Raceway and Pomona Raceway year-round.
- 38. The appearance of one or more of Reynolds' Winston trademarks and the Winston Trade Dress on the Outdoor Advertising at Sears Point Raceway and Pomona Raceway

Reynolds concerning a number of large, prominent signs at California's Sears Point Raceway

a. On August 17, 2000, the California Attorney General's Office wrote to

advertising the NASCAR Winston Cup Series. The letter explained that the NASCAR Winston Cup Series was held at the Sears Point Raceway only on June 22-25, 2000, yet investigators observed multiple NASCAR Winston Cup Series signs at the NHRA Nationals held on August 4-6, 2000 at Sears Point Raceway. The California Attorney General's Office informed Reynolds that these NASCAR Winston Cup Series signs constituted impermissible Outdoor Advertising because they were displayed more than 10 days after the end of the sponsored events they advertised.

b. On December 11, 2000, the Chairperson of the National Association of Attorneys General ("NAAG") Tobacco Enforcement Committee, Pennsylvania Attorney General Mike Fisher, wrote to Reynolds on behalf of California and the other Settling States, stating, in part:

This [the section III(c)(3)(E)(ii)] exception to the section III(d) ban on Outdoor Advertising, allowing advertising of the Brand Name Sponsorship "at the site" of a Brand Name Sponsorship must be read in conjunction with the phrases "the start of the initial" and "the end of the last" sponsored event, i.e., the start and conclusion of sponsored events *at the site*. Otherwise, we would reach the absurd result that the MSA forces Washington State to allow Winston NHRA signs in October at Seattle International Raceway (the site of NHRA racing in July) merely because there is a Winston NHRA race in another state that month. . . . We believe the position set forth [by Reynolds] is completely at odds with the letter and intent of the MSA and borders on bad faith.

(Emphasis in original.) Attached to this December 11, 2000 letter was a list of 15 race venues in 10 different Settling States, including California, where Attorneys General's Offices had found examples of year-round Outdoor Advertising for Winston-sponsored racing events.

c. On December 21, 2000, Reynolds wrote to the Chairperson of NAAG's Tobacco Enforcement Committee not contesting the presence of the signs, and making it clear that Reynolds refused to discontinue its practice of year-round Outdoor Advertising for its Brand
