THE CURE Φ TRILOGY

PORNOGRAPHY DISINTEGRATION BLOODFLOWERS LIVE IN BERLIN

"I had the idea of taking the 'Trilogy' to it's logical conclusion during The Cure's worldwide 'Dreamtour 2000'; we should play all three albums live in one night and make a film..." Robert Smith, The Cure

Live in front of sell-out crowds for two unforgettable nights at the Berlin Tempodrom in November 2002, one of the world's most highly acclaimed bands performed three of their most admired and influential albums in their entirety: 'Pornography' (1982), 'Disintegration' (1989) and 'Bloodflowers' (2000). The unique result is 'The Cure - Trilogy - Live in Berlin', which will be released on DVD and VHS through Eagle Vision on 2nd June 2003.

"This particular live event was always an ambitious idea, and it took a lot of mental and physical preparation," explains Robert, "but the end result has been more than worth it. For me the realization of the 'Trilogy Show' is not only the fulfillment of a dream, but also a tribute to this band line-up; the most dynamic, the most subtle, and the most powerful... certainly the best 'Cure' I've ever played in."

Shot on High-Definition Video using 12 cameras, this extraordinary live spectacular includes both Dolby Digital 5.1 Surround Sound and PCM Stereo on the double DVD, with the VHS containing Dolby Digital Stereo. Both formats feature all three albums in their entirety plus a further 2-song encore: this outstanding performance has a running time of almost 3.5 hours. The DVD will also feature a 30 minute interview with the band plus further hidden interview footage and 2 hidden 'Extras'.
